THE DOORWAYS TO BEAUTIFUL HOMES

A Cordial Welcome Awaits You

TO ALL those who are interested in plants and the beauty which can be created with them, we extend a cordial invitation to visit our nurseries. Our grounds are open to visitors on Sundays and holidays during the spring and fall.

BULK'S NURSERIES are noted for their extensive collection of all kinds of nursery stock, including many choice and rare varieties of evergreens difficult to obtain elsewhere.

We have 40 acres devoted to growing hardy plants of all kinds and sizes, and here, almost at your door, you will find a large assortment to select from—the varieties best suited to our Long Island climate and soil and grown under exactly the same conditions as those which they will encounter when planted at your home. We deliver them anywhere on the Island and relieve you of the planting which will be done at cost price. You can drive to our

place, make your own selection, and we deliver and plant at once. No delay, no waiting for arrival from a distance. We can advise you about the best things to plant, can lay out your grounds, make plans and carry out your own ideas for, after all, a garden is a personal thing and should express the owner's personality.

Phone Babylon 444 and a representative will call. Ask for our catalogue, or, better still, come to see our nurseries, which are on the Merrick Road, just one mile west of the village of Babylon.

You will be personally escorted over the grounds and given every attention without incurring the slightest obligation to place an order.

Souv. de Claudius Pernet

Everblooming Hybrid Tea Roses

MANY people are not quite sure of the varieties that should be planted. To overcome this difficulty, we have selected a group of ten that we believe will be most satisfactory. These ten will make a charming bed which will produce many beautiful blooms throughout the season. An even better effect would be secured by planting three of these Collections, grouping each variety together.

Duchess of Wellington. Saffron-yellow.
General-Superior Arnold Janssen. Glowing carmine.
General MacArthur. Velvety scarlet.
Kaiserin Augusta Victoria. Creamy white.
La Tosca. Silvery pink.
Mrs. Aaron Ward. Buff and pale fawn.
Ophelia. Pale pink.
Rev. F. Page-Roberts. Golden yellow.
Red Radiance. Light crimson.
Souv. de Claudius Pernet. Clear yellow.

Flowering Shrubs Are Fine for Background Color

SHRUBS in groups can be made to emphasize some feature of the lawn, to screen the garage, the laundry-yard, or some unsightly view. They may be planted among borders of the lawn, along walks and drives and in corners. In the list that follows will be found shrubs for all such purposes. The month mentioned in the description indicates the season when the shrubs usually flower.
